

Genforevers!

Isaiah 54: 10ff.

***A chronic danger is that a generation who knows
God raises up a generation that doesn't know God.***

Our children share in our covenant status as a community of believers!

***God places children into our families to sign that
God takes the initiative in all of our salvations.***

A church, a culture, a family that marginalizes its children rejects God's overt blessing.

***We dedicate our children to honor our responsibility
as parents and as a community for a child's
redemption.***
