

The Essential Unseen!
Hebrews 11:1 ff.

***What is it that God desires us to have
faith for that we do not yet see?***

Faith arises from an understanding that there is something unseen that God desires to render visible in my life.

In our natural lives we need evidence in order to act. In our spiritual lives faith is the evidence in which we act.

***By faith we must act on the basis of what
He wants to make visible.***

Faith requires a point of obedience that sets me on a path of obedience.

***Today! Do something! Relax, Float,
begin to make something visible!***
