

***A Boatload of Chaos and a
Slumbering God!
Mark 4: 33-41***

***The function of faith is not to deny
the fact of the storm.***

The function of faith is to transform us so that we will address the storm.

***From fear to faith is not an event.
It is a process characterized by
asking ourselves four key
questions!***

***God! Why do you seem
indifferent to what I am going
through?***

Why are you timid? Why are you not activating the Kingdom in the face of the storm?

Unbelief – is the result of the creative struggle between fear and faith.

Doubt - is a rooted unwillingness to trust God.

Are you **STILL** without faith?

Who then is this Jesus?
